## About Us

Founded in 2025, the Society of British & Commonwealth Entrepreneurs (SBCE) is the world's first and only organisation which is solely committed to championing entrepreneurship throughout the mutually-connected nations of the United Kingdom and Commonwealth realms, including British Overseas Territories and Crown Dependencies.

The SBCE unites together a dynamic community of members, consisting of entrepreneurs, innovators and business leaders who all share a commitment to operate at the highest professional standard by committing to the SBCE Code of Ethics and Conduct. As of 2025 we are the only organisation who award post-nominals as a form of professional recognition, solely to individuals who are entrepreneurs - this form of recognition helps to broaden public perception and recognises the importance of entrepreneurs in the 21st century. With a potential membership base of over 10.6 Million members, the Society of British & Commonwealth Entrepreneurs aims to increase overall entrepreneurial activity in the 32 nations where we operate, therefore driving prosperity for all.
